

ProSelect[®] Cooling System Refill

- Provide an extra cooling boost to fan's airflow
- Keeps pets cooler on hot days
- Removable core freezer pack lasts up to two hours
- 2-year warranty

This ProSelect[®] Cooling Cartridge Refill is designed for use with the ProSelect[®] Cooling Cartridge. Provides an extra cooling boost to ProSelect[®] Crate Fan's airflow. Chill this specially designed removable core pack in the freezer to provide up to two hours of use.

Instructions:

Place core pack in freezer and chill for at least four hours. Insert core pack into the plastic cartridge housing. Attach cartridge to front of Crate Fan and twist counterclockwise to lock into place. To remove, twist clockwise. Additional core packs can be kept in freezer until needed.

ProSelect[®] products are the popular choice among kennel owners, breeders, and pet care professionals. Look for these other ProSelect[®] Crate Accessories:

Deluxe Thermostatic Crate Fan:

Thermostatic control allows automatic operation at pre-set temperatures.

Standard Crate Fan:
