

Directions for use:

1. Unbuckle the straps at the bottom (narrow) end of the harness. Slide the top (wide) end of the harness over your pet's head. Adjust the straps at the top and back of the harness to ensure a comfortable fit around your pet's neck.
2. Adjust the bottom buckles so the harness fits comfortably underneath your pet's front paws, and reconnect the bottom buckles to the clips in back to secure the harness in place.
3. Connect the swivel clip on the seat belt attachment to metal D-ring on the back of the vest.
4. Clip the seat belt attachment into the seat belt holder.
